

Si apre il box Micro:bit!

La pagina bianca...

Si comincia a costruire

Si scopre Makecode

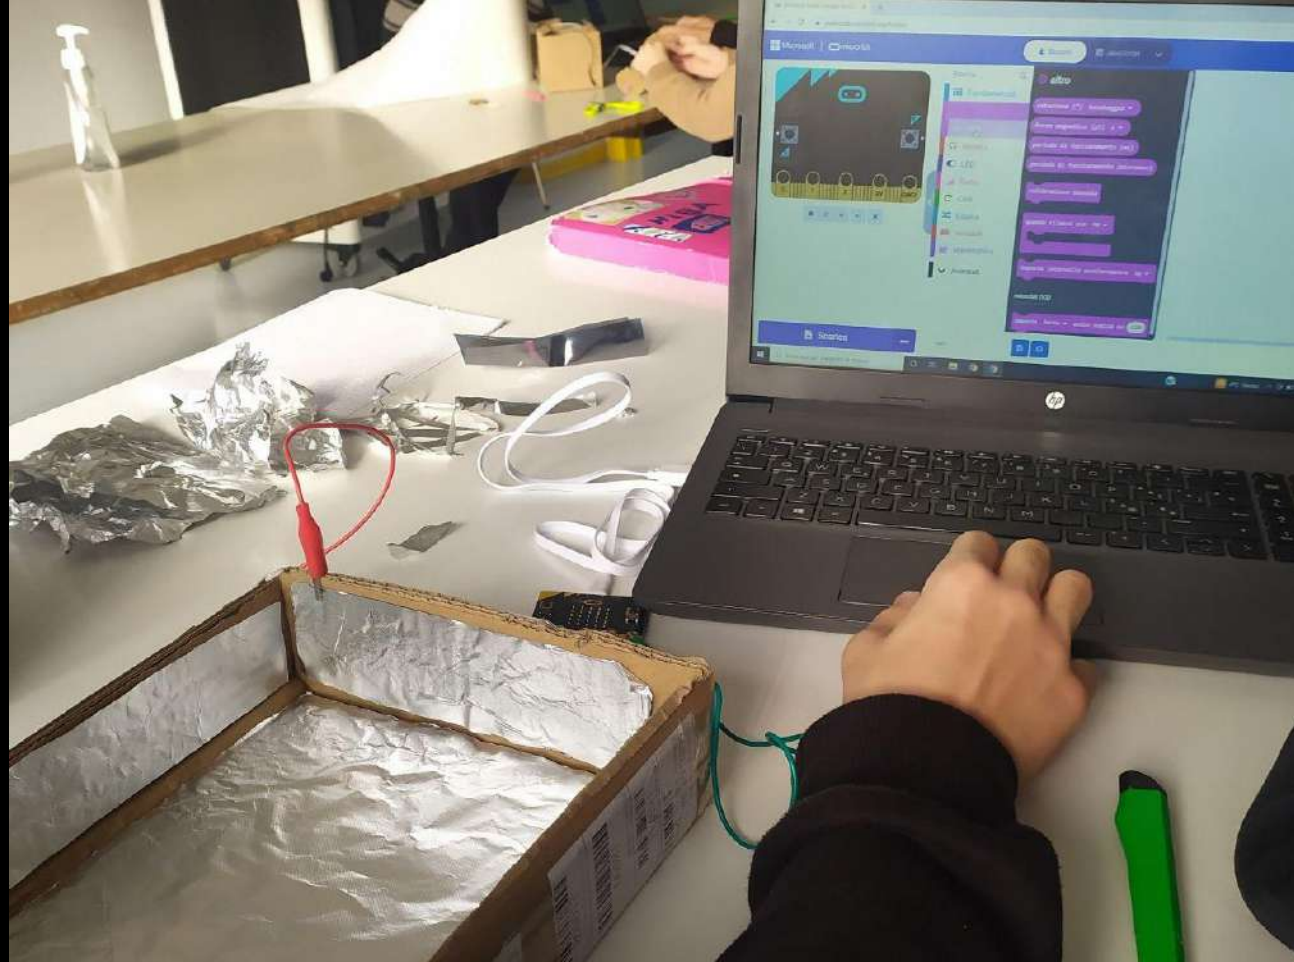

E chi lo dice che le ragazze non programmano ?!

Si programma con Makecode

Una scatola...

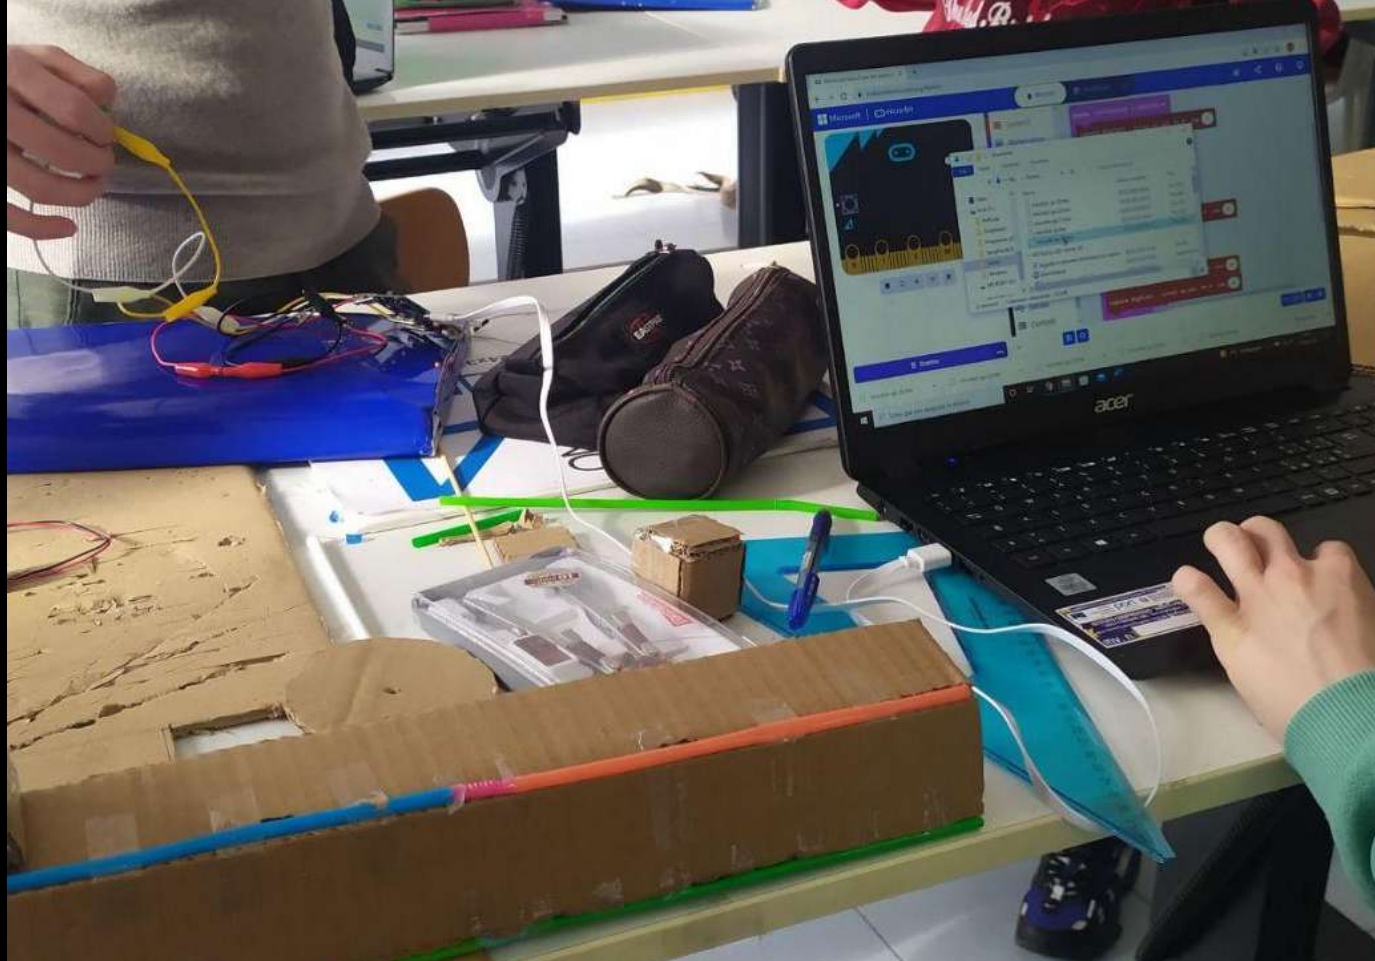

...diventerà un labirinto...

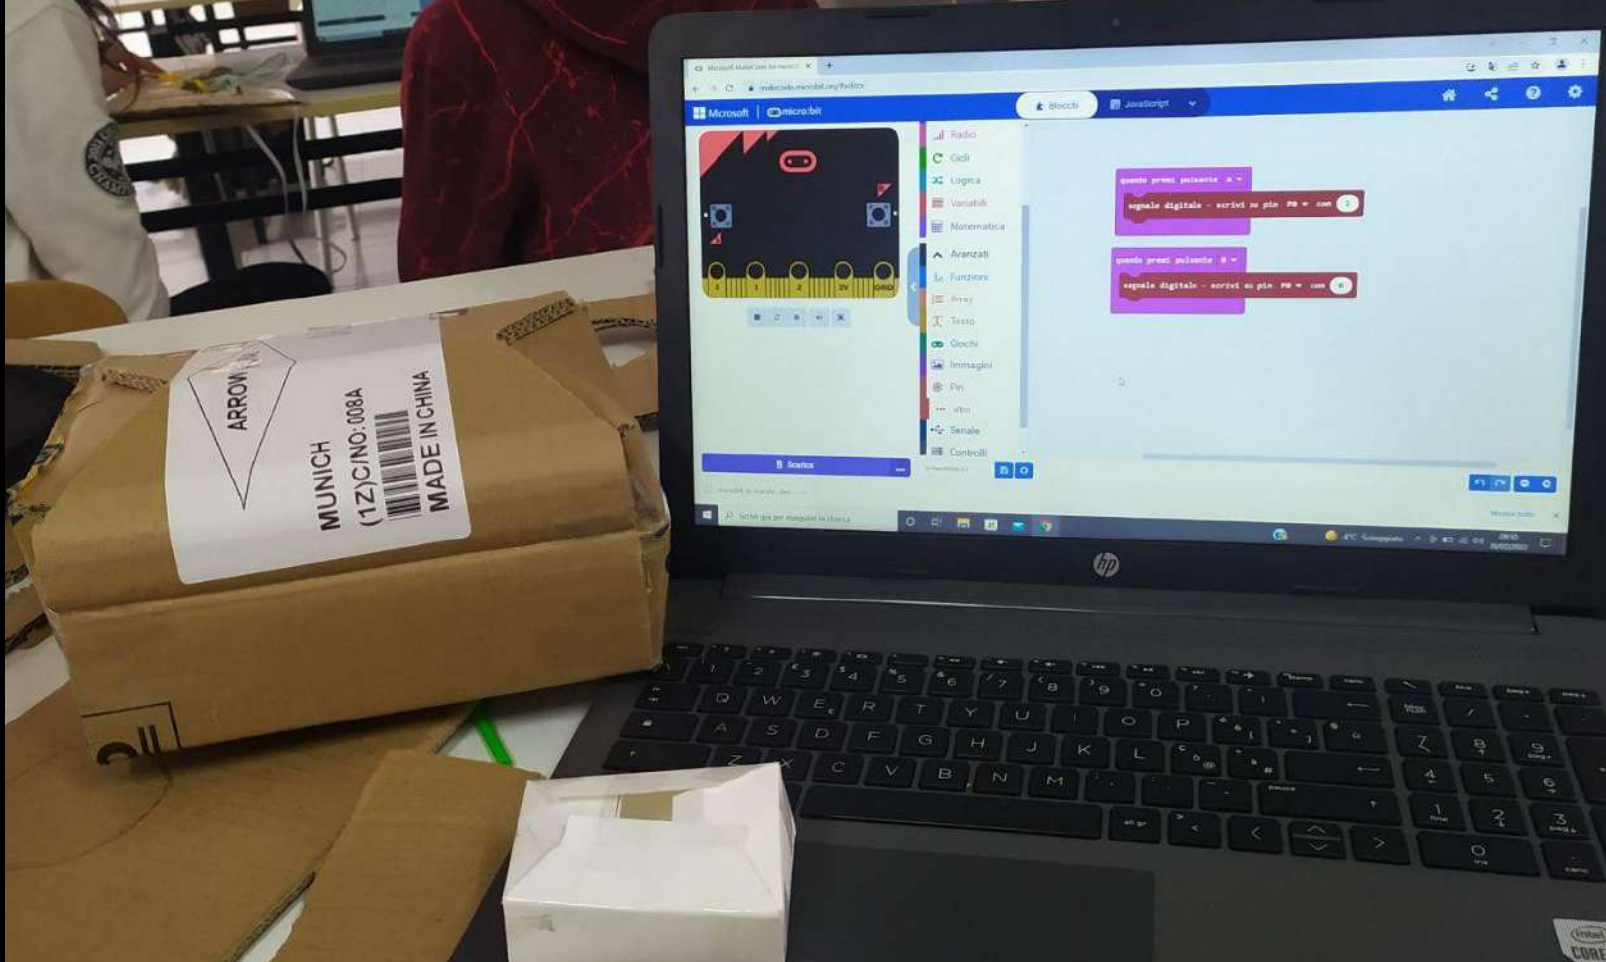

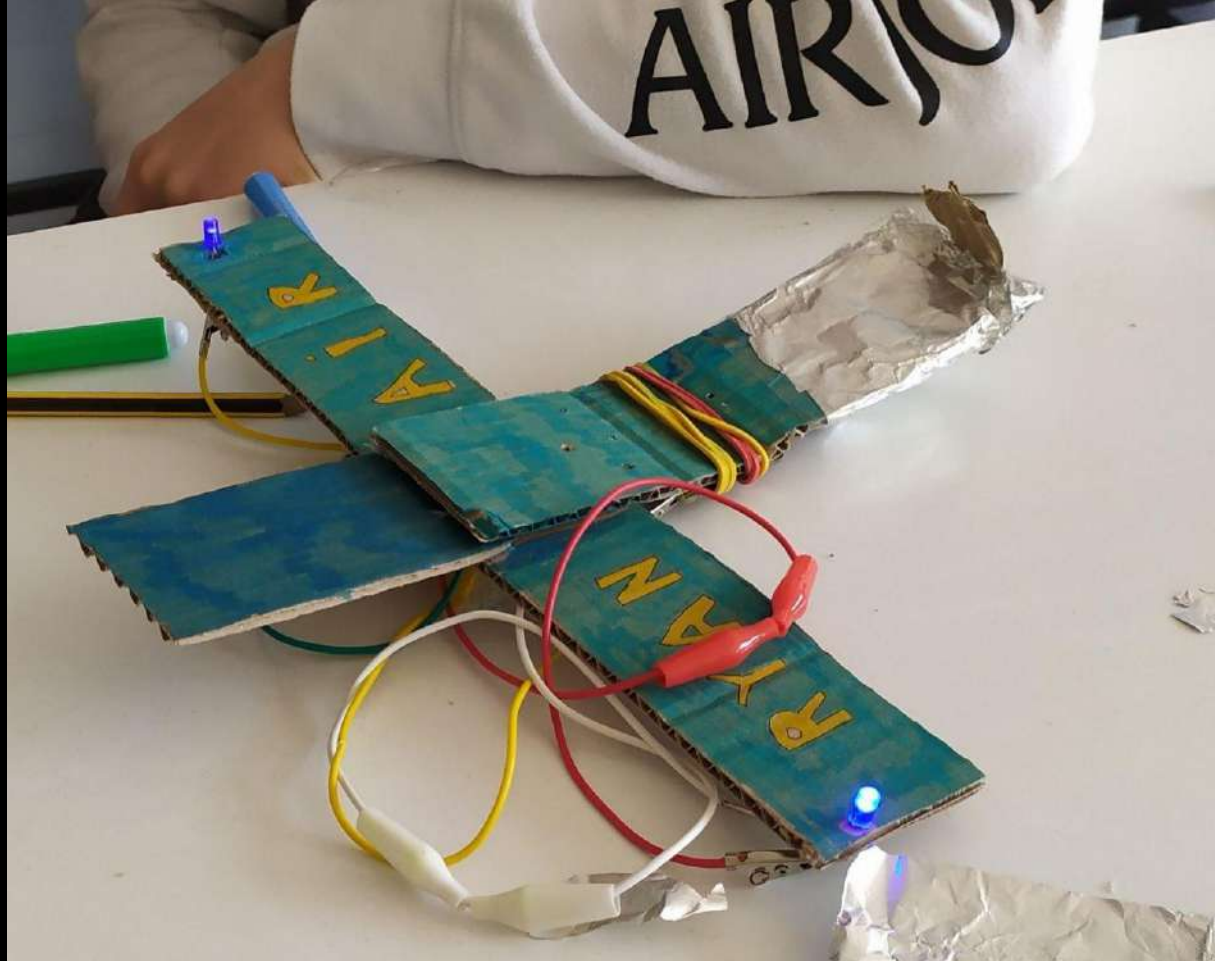

...una torre di Pisa...

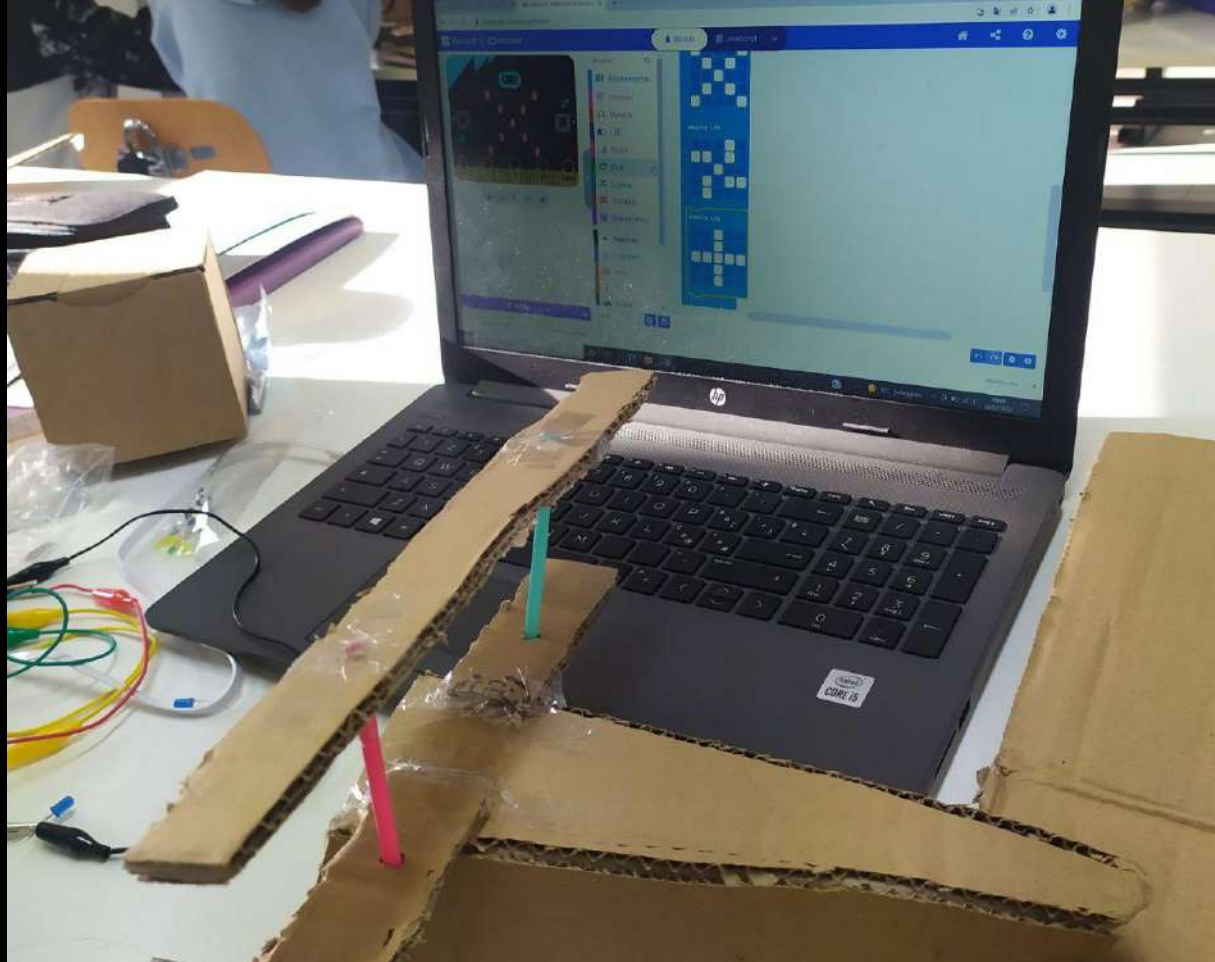

...un futuro elicottero...

Piccoli e grandi prototipi

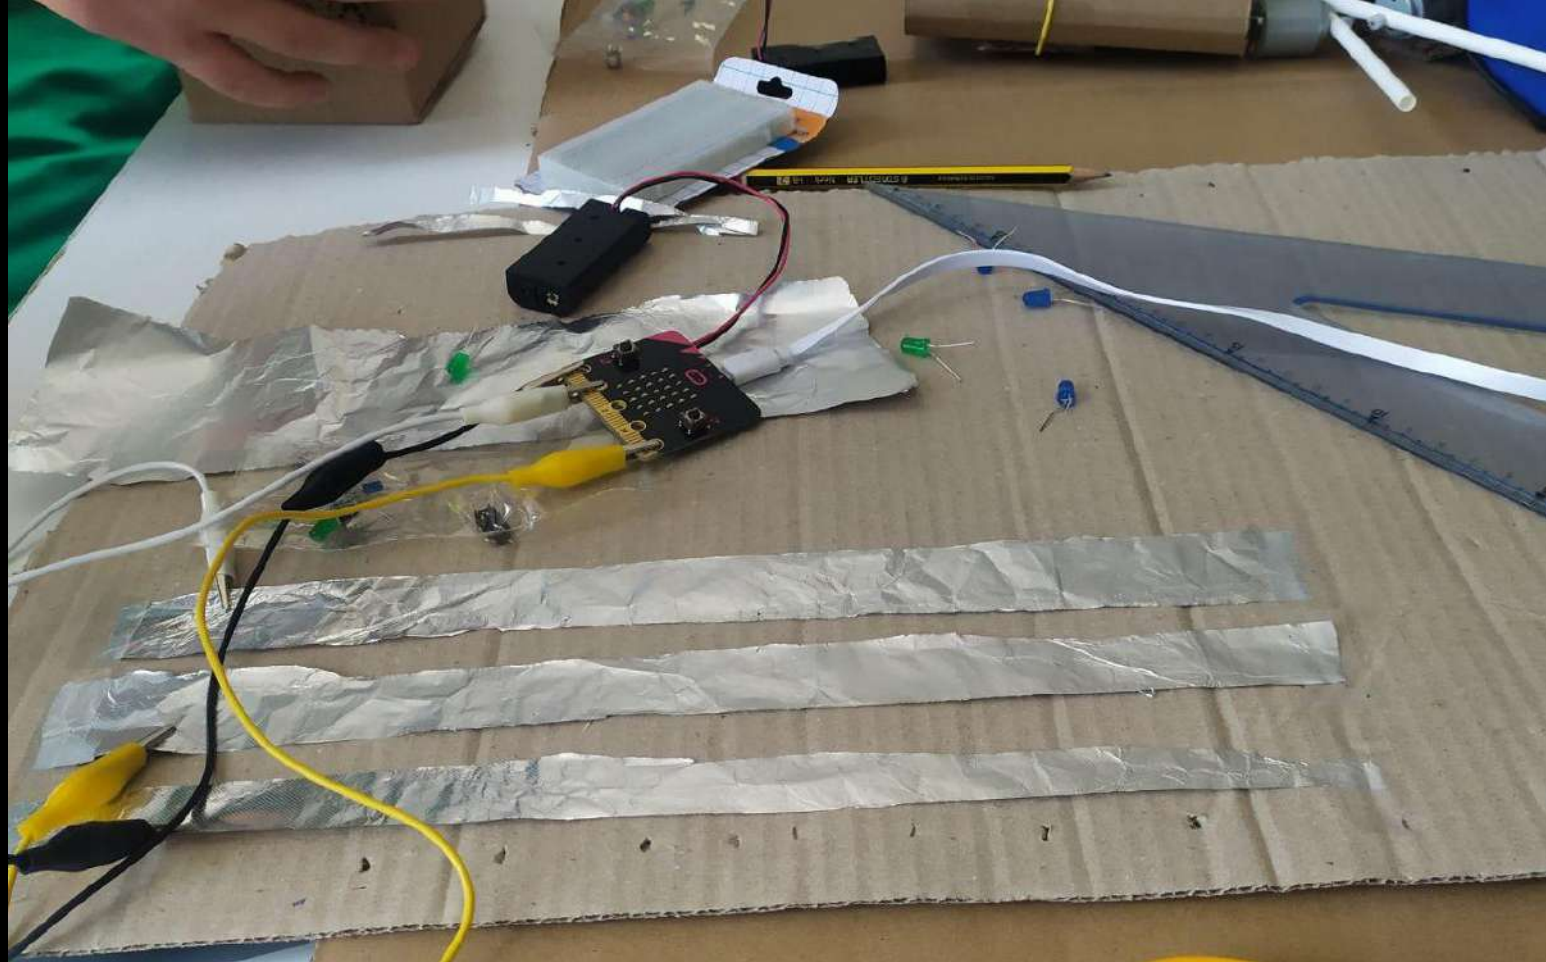

Questo aereo...

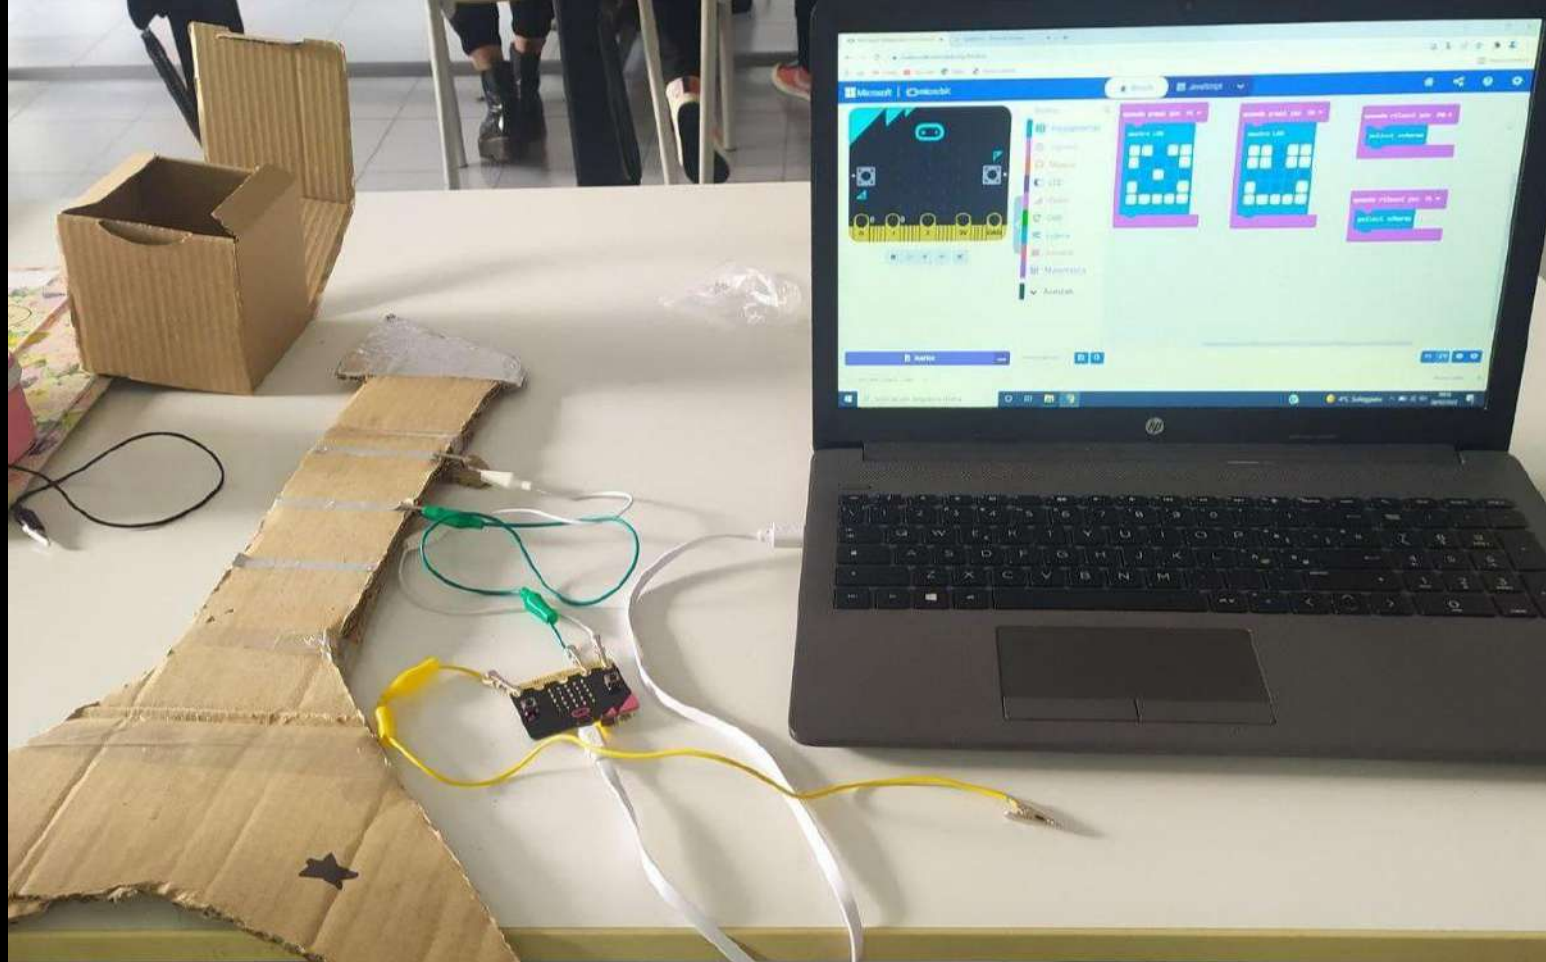

...o questo

che incontrerà questa pista...

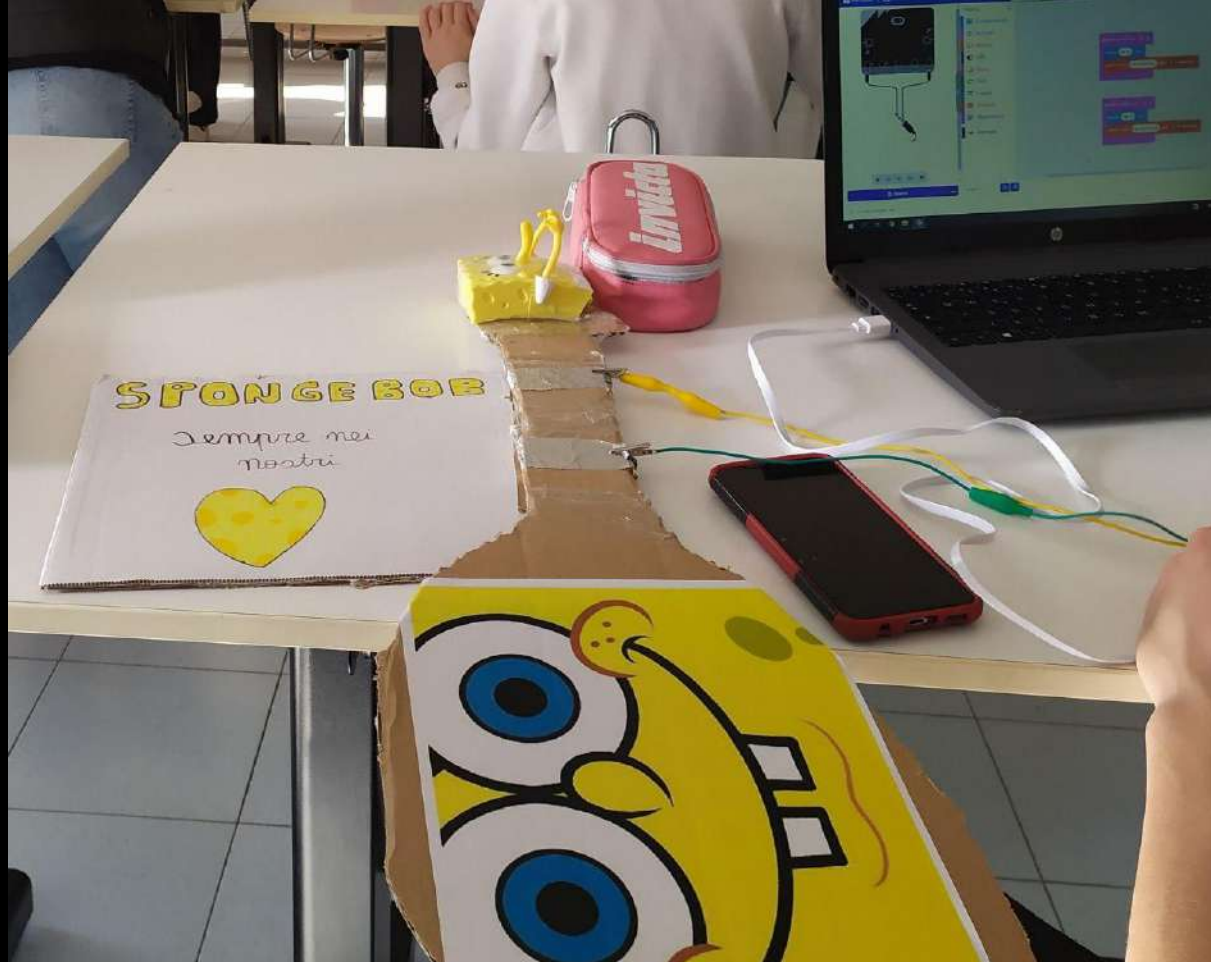

...forse

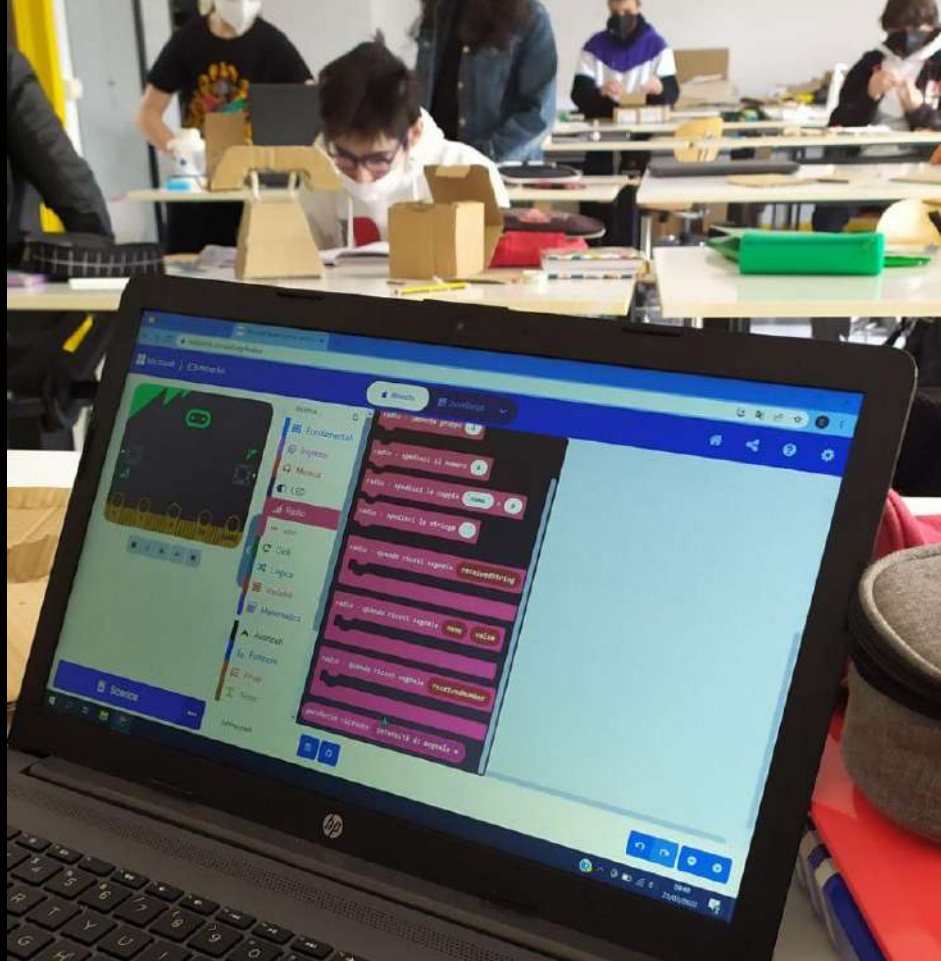

La chitarra prende forma...

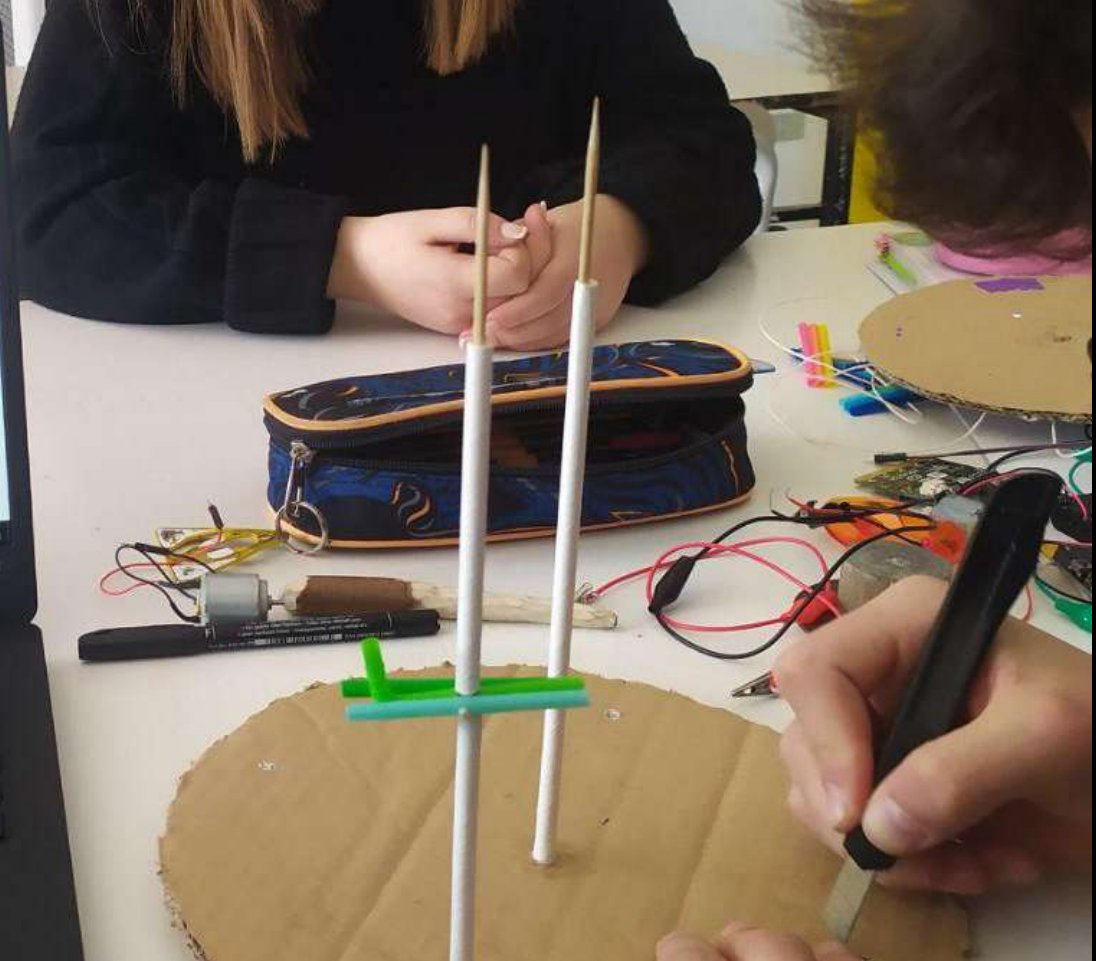

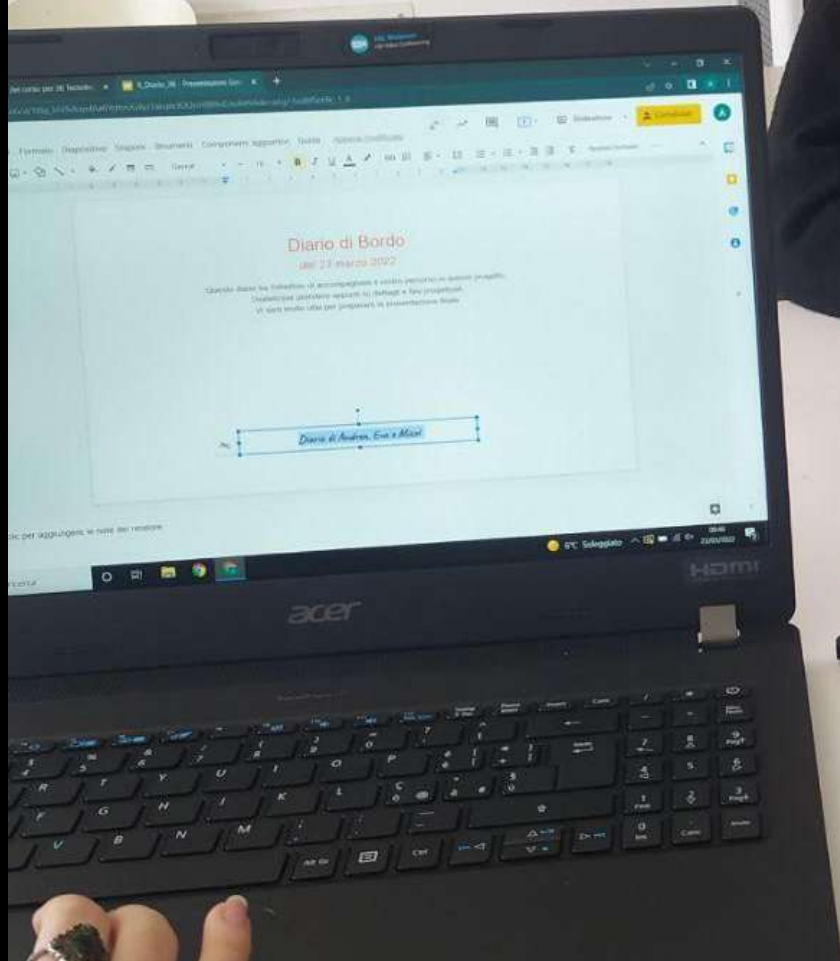

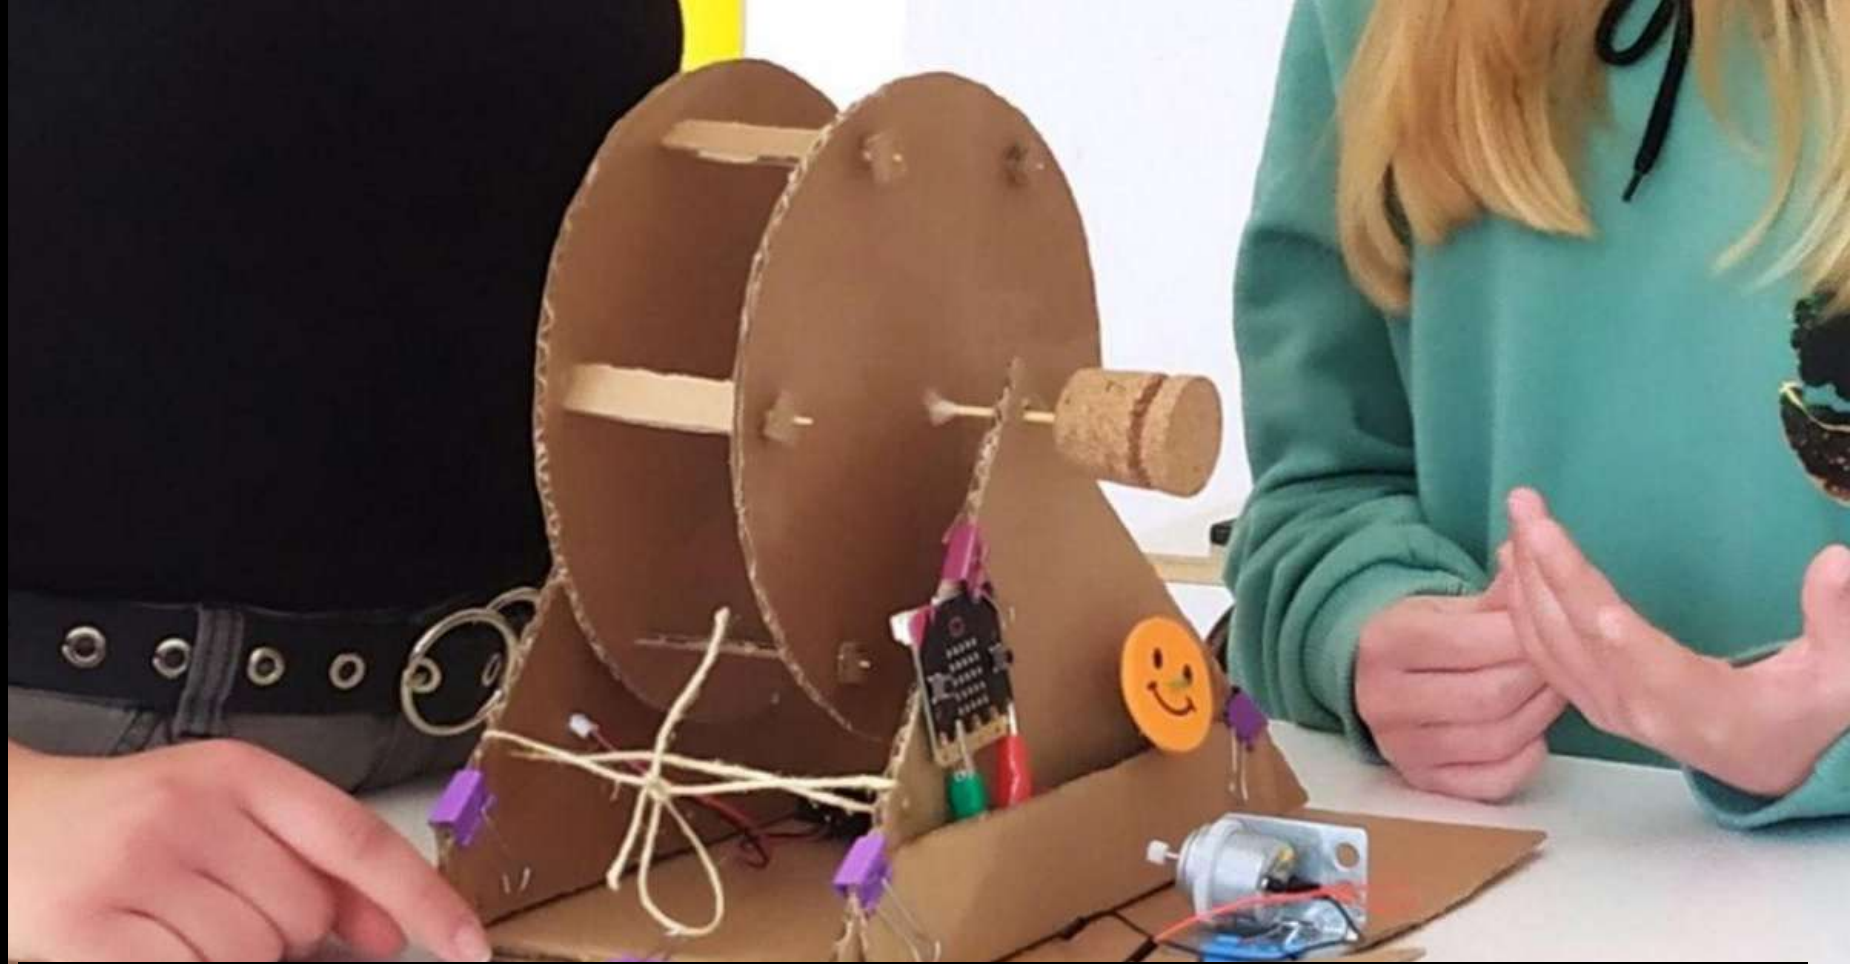

...e personalità

Alcuni costruiscono altri programmano

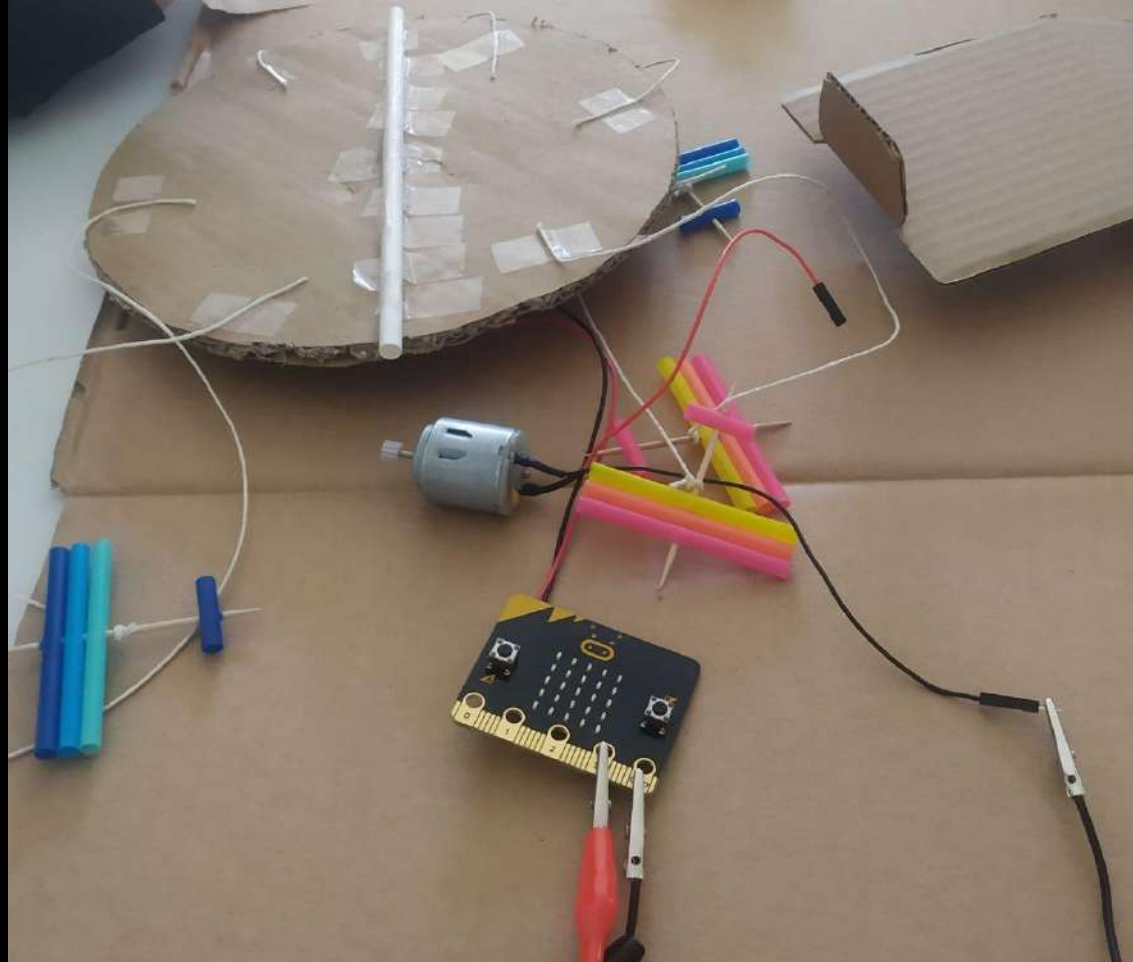

Lavoro e diario di bordo

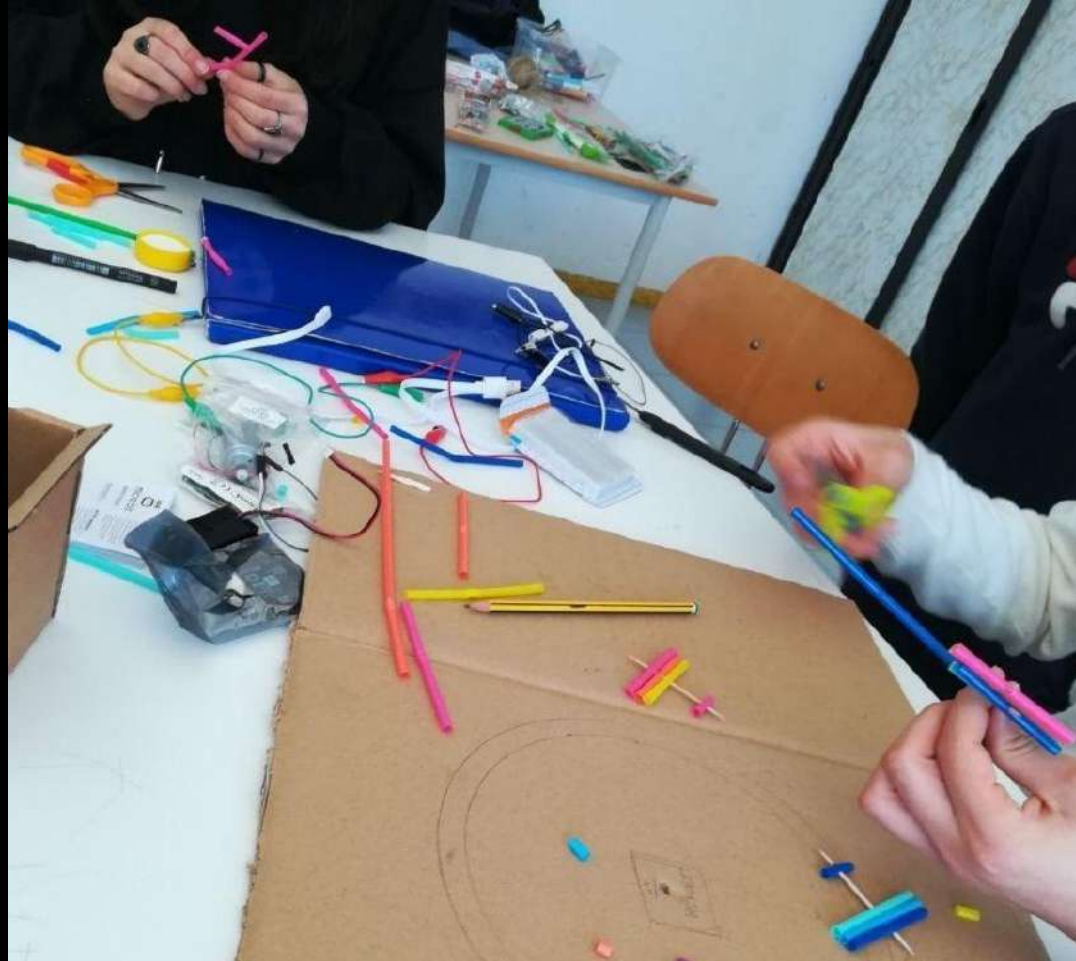

Giotre...

...giostre...

...giostre...

...e carillon!

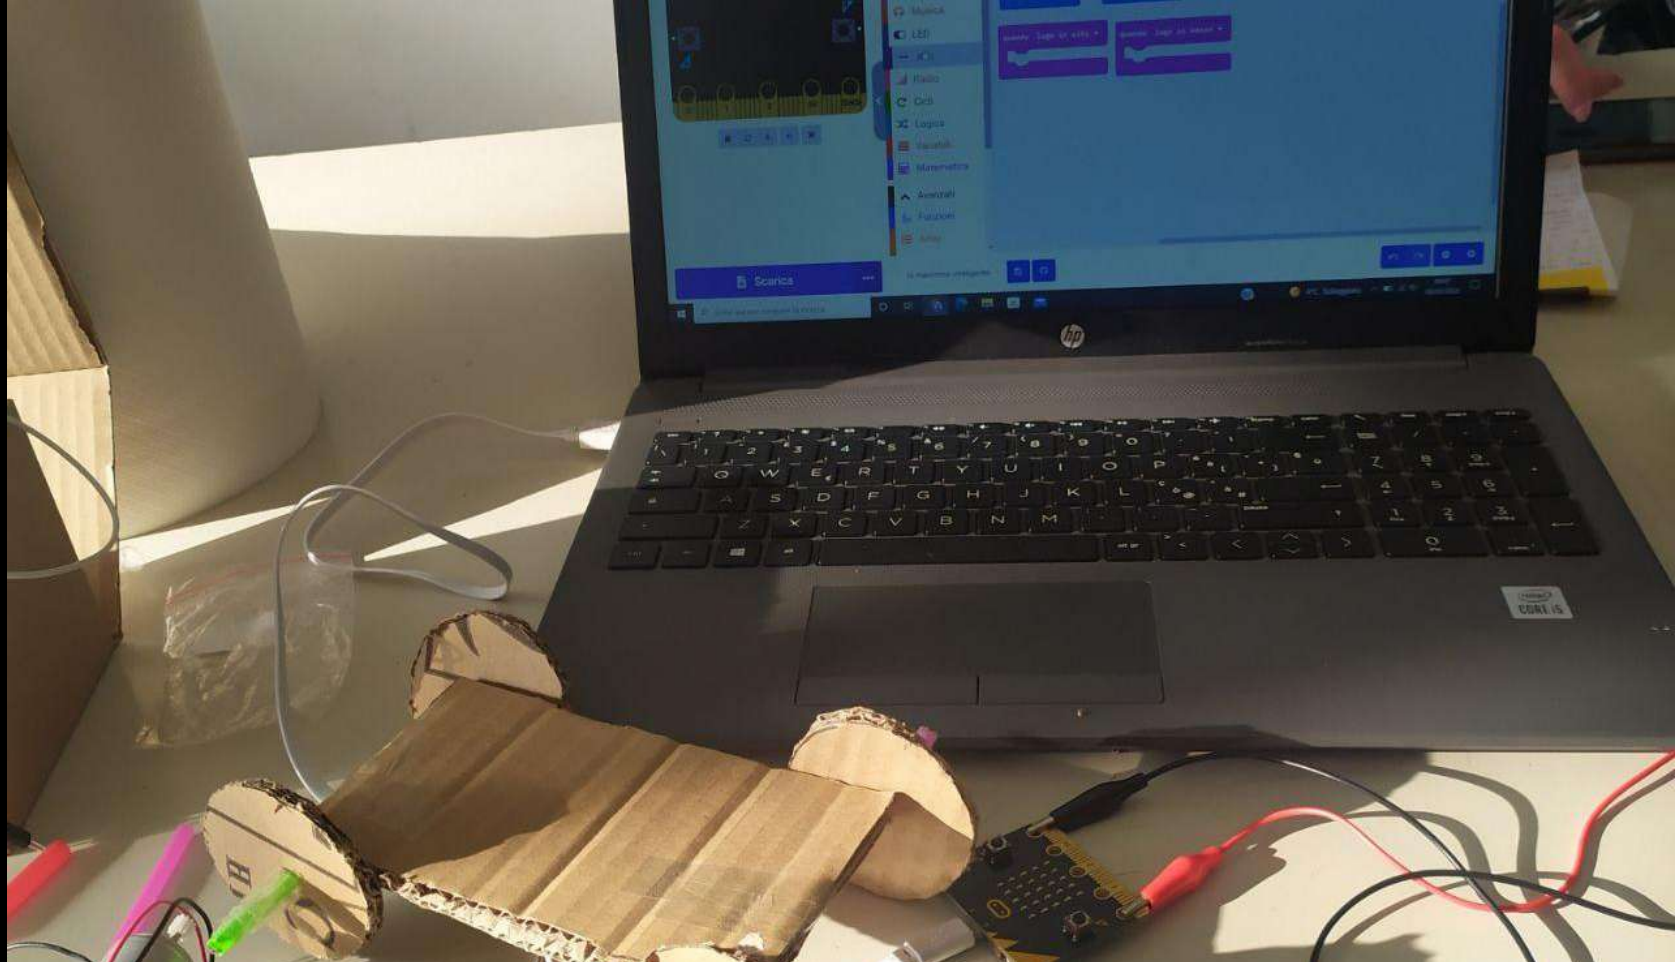

Ponti levatoi...

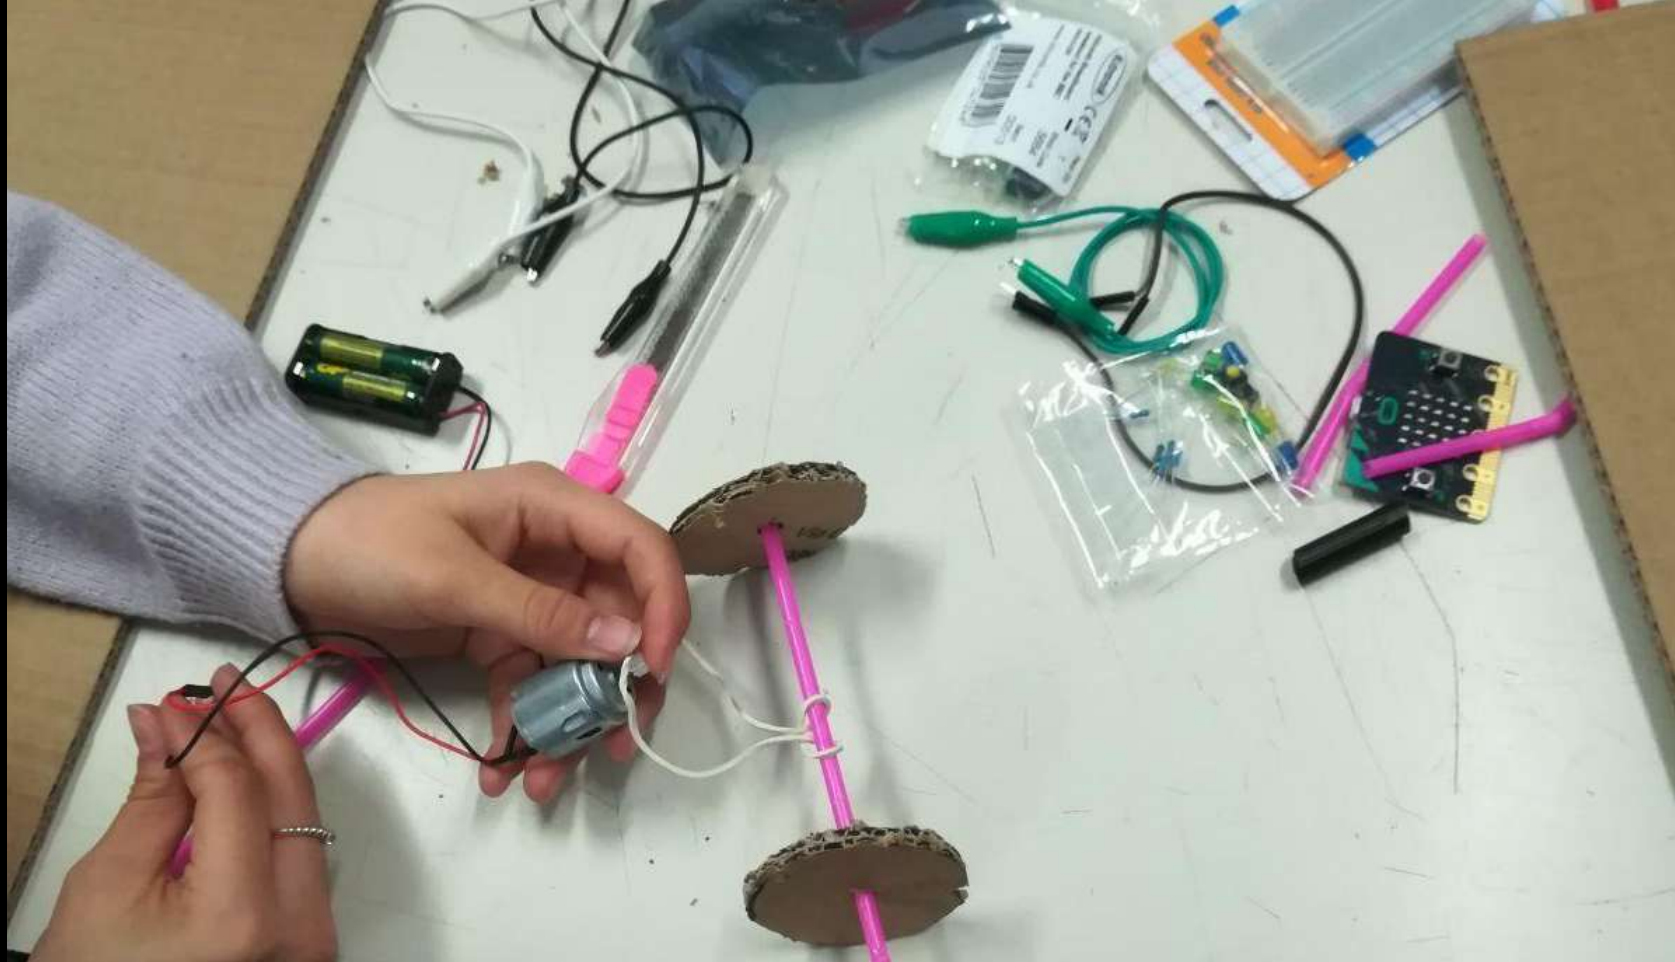

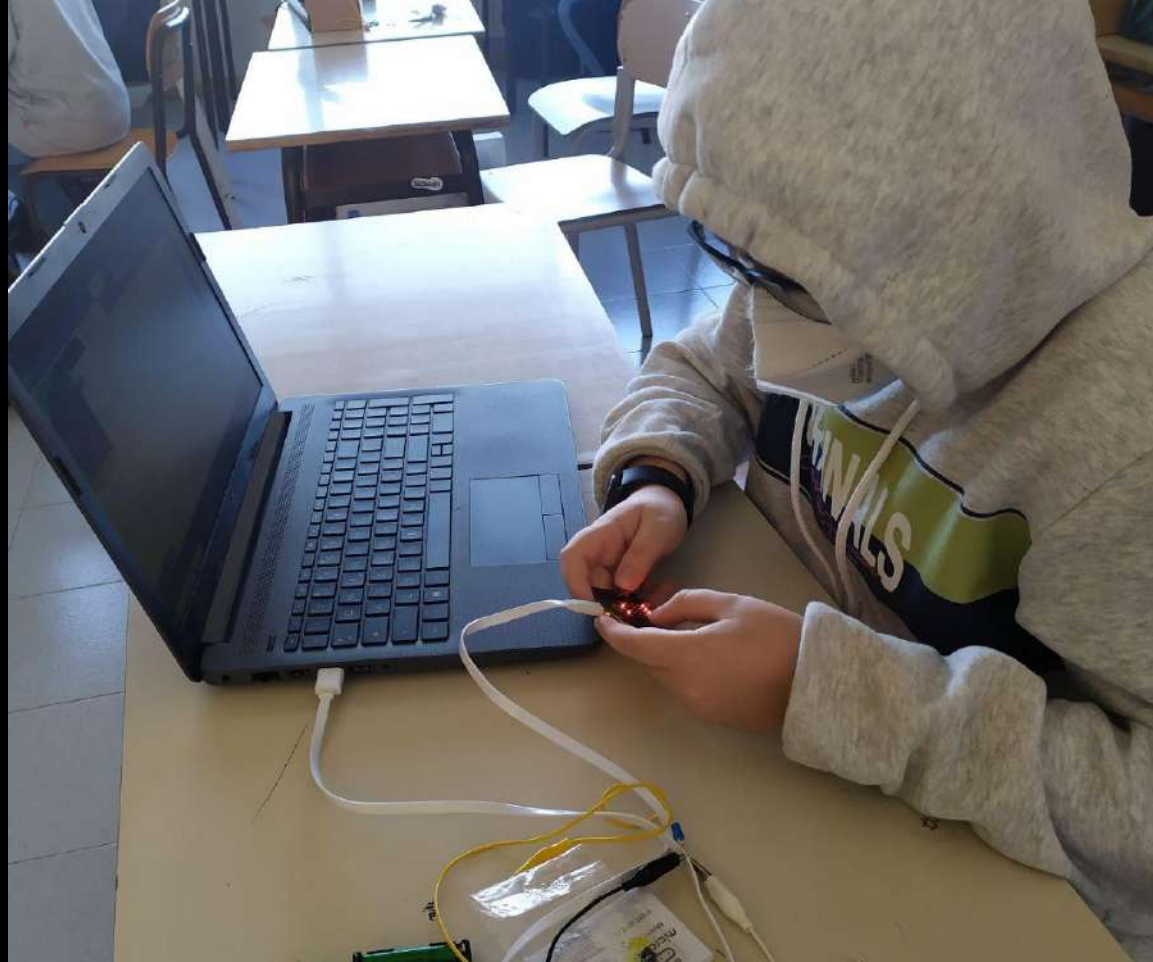

...crescono

Ruote...

...e motori

Piccoli hacker crescono
